The Two Microsoft ERPs

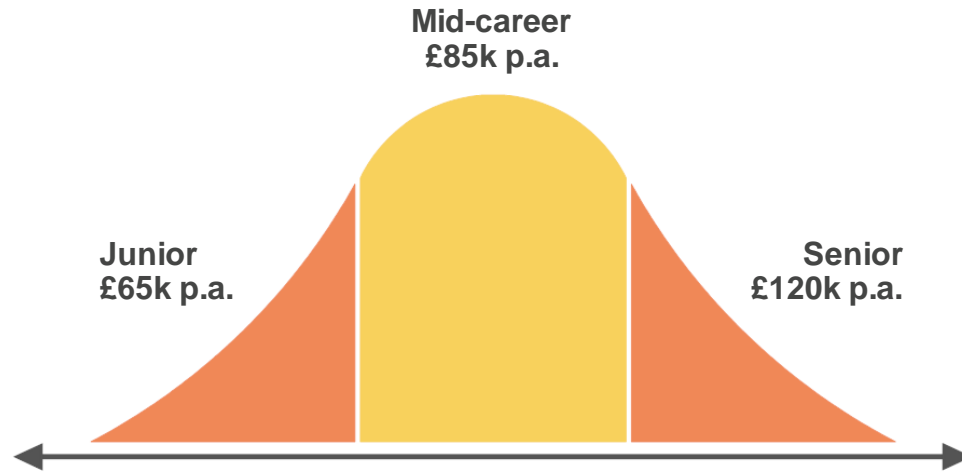

Dynamics 365 Business Central

- Smaller solution with less customisation
 - Medium projects
 - Targeted at SMEs
- Focus on accounting function

Dynamics 365 Finance & Operations

- Larger solution with many modules and high customisation
 - Long projects
- Targeted at multi-side and multinational companies

The Functional Consultant Role

- Gather client requirements by running workshops.
- Design Dynamics 365 Finance solutions to optimize and maximise client processes.
- Perform some of the non-technical part of the solution set-up.
- Support user adoption by promoting the solution to stakeholders.

Q&A

Our Dynamics 365 Finance Academy

Self-Paced

From experience, we know it can be a challenge to invest a lot of time in training when you are also working.

With this program, train when it works for you – with only 1 to 2 weekly hours of live sessions and the rest being self-paced.

Active Support

Self-paced doesn't mean alone! The Microsoft space can seem complex and intimidating at first.

We offer Q&As, coaching and mentoring throughout the program to ensure you meet your career transition goals.

Certification Guarantee

We understand that changing directions mid-career can be scary. To give you peace of mind, we offer a certification guarantee.

Provided you follow the program, attend all sessions and take all training, we work with you until you get certified.

Job Search Optimisation

We are hiring professionals as well as a learning partner. This means we know a lot about what it takes to find a job with a Microsoft tech employer!

This program gathers all our knowledge and teaches you how to optimise your job search for Microsoft roles.

- **Cost - £1,690 (+VAT) / \$2,190**
- **3 Microsoft certification courses**
- **Lab environments**
- **15 weeks to job readiness**
- **15 to 20 hours per week**
- **Next Cohort Starts: 16 October 2023**
